RE: PROPRIETARY BID - Purchase and Delivery of Sensus Meter Parts for the East Windsor Municipal Utilities Authority (EWMUA)

Dear Mr. Brand,

Please be advised that the PROPRIETARY BID - Purchase and Delivery of Sensus Meter Parts for the EWMUA will be advertised as a proprietary bid. In accordance with N.J.A.C. 5:34-9.1, I am providing you with written certification as to why the Sensus Meters are proprietary.

N.J.S.A. 40A:11-2(39), requires that in order for the good or service to be procured as proprietary, it must meet the following definition of "proprietary." "Proprietary" means goods or services of a specialized nature, that may be made or marketed by a person or persons having the exclusive right to make or sell them, when the need for such goods or services has been certified in writing by the governing body of the contracting unit to be necessary for the conduct of its affairs.

Robert Noel, Operations Manager, provided me with a proprietary justification regarding the above referenced bid. According to Mr. Noel, the EWMUA has been utilizing Sensus meters and software for over 15 years.

All residential and commercial properties serviced by the EWMUA are equipped with Sensus meters and parts. Sensus parts and equipment have proved to be a durable and reliable brand.

Additionally, the Authority has invested extensive time and money training all employees on installing and repairing the current meter system using Sensus Parts, Software, and Equipment. Further, the Authority has an extensive stock of Sensus brand equipment parts, and components.

Mr. Noel stated that the Authority's relationship and experiences with the Sensus brand and its representatives have been favorable, reliable and consistently supportive and accommodating.

Therefore, with your authorization, I will prepare for the receipt of proprietary bids for the Purchase and Delivery of Sensus Meter Parts for the East Windsor Municipal Utilities Authority. If you have any questions please do not hesitate to contact me.

Sincerely,

Megan P. Thompson
EWMUA CFO/QPA

Bid Specifications

General

The Authority is soliciting formal proprietary bids for proprietary METER PARTS for the East Windsor Municipal Utilities Authority (EWMUA). The Authority is in need of purchasing M-series Sensus MXUs to replace existing R-style Sensus MXUs that are no longer supported and are at end-of-life.

It is understood by the bidder that this bid is submitted on the basis of specifications prepared by the Authority and any bidder unfamiliar with any aspect of said specifications will not be accepted as an excuse for non-compliance. Any questions concerning the accuracy of the specifications should be directed to the Executive Director.

Salvage/Scrap Credit

As part of this contract, the vendor shall remove and take possession of existing Sensus meter parts designated by the Authority for replacement and/or disposal. The existing meter parts are personal property of the Authority that are no longer needed for public use. Pursuant to N.J.S.A. 40A:11-36(7), the Authority intends to dispose of such property as part of this procurement and apply the value thereof as an offset against the cost of the new meter parts being purchased under this contract.

The Bidder shall provide a salvage/scrap credit representing the value the Bidder will provide the Authority for the existing meter parts transferred to the vendor under this contract. The salvage/scrap credit should be separately stated on the Bid Proposal and shall constitute a firm credit to the Authority.

Unless otherwise specified, the credit shall include all costs associated with the vendor's handling, loading, transportation, processing, recycling, and disposal of the existing meters and components. No additional charge shall be assessed to the Authority for such activities.

Upon removal and acceptance by the vendor, ownership of the existing meter parts shall transfer to the vendor. The vendor shall thereafter be solely responsible for the transportation, handling, recycling, sale or lawful disposal of the materials in accordance with all applicable federal, State, and local laws and regulations.

The Authority makes no representation or warranty regarding the condition, composition, weight, quantity, merchantability, or scrap value of the existing meter parts except for information expressly provided in the Bid Specifications. Bidders shall be responsible for making their own determination as to the value of the materials when calculating the salvage/scrap credit.

The salvage/scrap credit shall be deducted from the gross bid price to determine the total net bid price, as follows: **Gross Bid Price – Salvage/Scrap Credit = Total Net Bid Price**

The salvage/scrap credit shall not be treated as a separate payment to the Authority, but shall be applied directly as an offset against amounts otherwise payable by the Authority under the contract.

Pricing

Delivered price FOB EWMUA Administration Building.

If prices will differ from the first year to the second year, the bidder must note the difference on the exception sheet and copy and submit additional proposal sheets for year two. No prices can be adjusted after the contract is awarded.

Ordering and Quantities

This is an open-ended contract with funds being encumbered at the time an order is placed. Quantities are estimated. No minimum or maximum total number of units is guaranteed. The Authority will order a minimum of 500 units at one time. No order should be filled unless the successful vendor has received a purchase order.

CONSTRUCTION CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Except with respect to affectional or sexual orientation and gender identity or expression, the contractor will ensure that equal employment opportunity is afforded to such applicants in recruitment and employment and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Such equal employment opportunity shall include, but not be limited to the following: employment, up-grading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this nondiscrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex.

The contractor or subcontractor will send to each labor union with which it has a collective bargaining agreement a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer, pursuant to N.J.S.A. 10:5-31 et seq., as amended and supplemented from time to time and the Americans with Disabilities Act.

When hiring or scheduling workers in each construction trade, the contractor or subcontractor agrees to make good faith efforts to employ minority and women workers in each construction trade consistent with the targeted employment goal prescribed by N.J.A.C. 17:27-7.2; provided, however, that the Division may, in its discretion, exempt a contractor or subcontractor from compliance with the good faith procedures prescribed by the following provisions, A, B and C, as long as the Division is satisfied that the contractor or subcontractor is employing workers provided by a union which provides evidence, in accordance with standards prescribed by the Division, that its percentage of active "card carrying" members who are minority and women workers is equal to or greater than the targeted employment goal established in accordance with N.J.A.C. 17:27-7.2. The contractor or subcontractor agrees that a good faith effort shall include compliance with the following procedures:

- (A) If the contractor or subcontractor has a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor shall, within three business days of the contract award, seek assurances from the union that it will cooperate with the contractor or subcontractor as it fulfills its affirmative action obligations under this contract and in accordance with the rules promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et. seq., as supplemented and amended from time to time and the Americans with Disabilities Act. If the contractor or subcontractor is unable to obtain said assurances from the construction trade union at least five business days prior to the commencement of construction work, the contractor or subcontractor agrees to afford equal employment opportunities minority and women workers directly, consistent with this chapter. If the contractor's or subcontractor's prior experience with a construction trade union, regardless of whether the union has provided said assurances, indicates a significant possibility that the trade union will not refer sufficient minority and women workers consistent with affording equal employment opportunities as specified in this chapter, the contractor or subcontractor agrees to provide such opportunities minority and women workers directly, consistent with this chapter, by complying with the hiring or scheduling procedures prescribed under (B) below; and the contractor or subcontractor further agrees to take said action immediately if it determines that the union is not referring minority and women workers consistent with this equal employment opportunity goals set forth in this chapter.
- (B) If good faith efforts to meet targeted employment goals have not or cannot be met for each construction trade by adhering to the procedures of (A) above, or if the contractor does not have a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor agrees to take the following actions:
 - (I) To notify the public agency compliance officer, the Division, and minority and women referral organizations listed by the Division pursuant to N.J.A.C. 17:27-5.3, of its workforce needs, and request referral of minority and women workers;

(2) To notify any minority and women workers who have been listed with it as awaiting available vacancies

(3) Prior to commencement of work, to request that the local construction trade union refer minority and women workers to fill job openings, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade;

(4) To leave standing requests for additional referral to minority and women workers with the local construction trade union, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade, the State Training and Employment Service and other approved referral sources in the area;

(5) If it is necessary to lay off some of the workers in a given trade on the construction site, layoffs shall be conducted in compliance with the equal employment opportunity and nondiscrimination standards set forth in this regulation as with applicable State and Federal court decisions;

(6) To adhere to the following procedure when minority and women workers apply or are referred to the contractor or subcontractor:

(i) The contractor or subcontractor shall interview the referred minority or woman worker;

(ii) If said individuals have never previously received any document or certification signifying a level of qualification lower than that required in order to perform the work of the construction trade, the contractor or subcontractor shall in good faith determine the qualifications of such individuals. The contractor or subcontractor shall hire or schedule those individuals who satisfy appropriate qualification standards in conformity with the equal employment opportunity and nondiscrimination principles set forth in this chapter. However, a contractor or subcontractor shall determine that the individual at least possesses the requisite skills, and experience recognized by a union, apprentice program or a referral agency, provided the referral agency is acceptable to the Division. If necessary, the contractor or subcontractor shall hire or schedule minority and women workers who qualify as trainees pursuant to these rules. All of the requirements, however, are limited by the provisions of (C) below.

(iii) The name of any interested women or minority individual shall be maintained on a waiting list, and shall be consideration for employment as described in (i) above whenever vacancies occur. At the request of the Division the contractor or subcontractor shall provide evidence of its good faith efforts to employ woman and minorities from the list to fill vacancies.

(iv) If, for any reason, said contractor or subcontractor determines that a minority individual or a woman is not qualified or if the individual qualifies as an advanced trainee or apprentice, the contractor or subcontract shall inform the individual in writing of the reasons for the determination, maintain a copy of the determination in its files, and send a copy to the public agency compliance officer and to the Division.

(7) To keep a complete and accurate record of all requests made for the referral of workers in any trade covered by the contract, on forms made available by the Division and submitted promptly to the Division upon request.

(C) The contractor or subcontractor agrees that nothing contained in (B) above shall preclude the contractor or subcontractor from complying with the union hiring hall or apprenticeship policies in any applicable collective bargaining agreement or union hiring hall arrangement, and, where required by custom or agreement, it shall send journeymen and trainees to the union for referral, or to the apprenticeship program for admission, pursuant to such agreement or arrangement. However, where the practices of a union or apprenticeship program will result in the exclusion of minorities and women or the failure to refer minorities and women consistent with the targeted county employment goal, the contractor or subcontractor shall consider for employment persons referred pursuant to (B) above without regard to such agreement or arrangement; provided further, however, that the contractor or subcontractor shall not be required to employ women and minority advanced trainees and trainees in numbers which result in the employment of advanced trainees and trainees as a percentage of the total workforce for the construction trade, which percentage significantly exceeds the apprentice to journey worker ratio specified in the applicable collective bargaining agreement, or in the absence of a collective bargaining agreement, exceeds the ratio established by practice in the area for said construction trade. Also, the contractor or subcontractor agrees that, in implementing the procedures of (B) above, it shall, where applicable, employ minority and women workers residing within the geographical jurisdiction of the union.

After notification of award, but prior to signing a construction contract, the contractor shall submit to the public agency compliance officer and the Division an initial project workforce report (Form AA 201) electronically provided to the public agency by the Division through its website for the distribution to and completion by the contractor, in accordance with N.J.A.C. 17:27-7. The contractor also agrees to submit a copy of the Monthly Project Workforce Report once a month thereafter for the duration of this contract to the Division and to the public agency compliance officer. The contractor agrees to cooperate with the public agency in the payment of budgeted funds, as is necessary, for on-the-job and/or off-the-job programs for outreach and training of minorities and women. (D) The contractor and its subcontractors shall furnish such reports or other documents to the Division of Public Contracts Equal Employment Opportunity Compliance as may be requested by the Division from time to time in order

to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Division of Public Contracts Equal Employment Opportunity Compliance for conducting a compliance investigation pursuant to **Subchapter 10 of the Administrative Code (NJAC 17:27)**.
